COVID 19 VACCINE UPDATE

2/4/2021

DR AMY SLAGLE, MD

1. MENOMINEE TRIBAL CLINIC IS NOW VACCINATING THOSE WHO WORK IN EDUCATION.

IF YOU ARE A MENOMINEE MEMBER OR DESCENDANT AND WORK FOR A DAY CARE, HEAD START, PUBLIC OR PRIVATE SCHOOL DISTRICT, OR COLLEGE, YOU ARE ELIGIBLE FOR VACCINE. IT DOES NOT MATTER WHERE YOU WORK.

PLEASE CALL 715-799-5430 TO SCHEDULE A COVID VACCINE IF YOU WORK IN EDUCATION.

2. IF YOU WERE TREATED FOR COVID INFECTION WITH MONOCLONAL ANTIBODIES OR CONVALESCENT PLASMA, YOU MUST WAIT AT LEAST 90 DAYS BEFORE RECEIVING COVID VACCINE. IF YOU DON'T REMEMBER WHEN YOU GOT THIS TREATMENT, CALL YOUR MEDICAL PROVIDER AND ASK. IT SHOULD BE IN YOUR MEDICAL RECORD.

3. MYTH BUSTER: IT IS NOT TRUE THAT COVID VACCINE CAUSES INFERTILITY. THIS IS A BASELESS SOCIAL MEDIA CONSPIRACY THEORY. NO VACCINE CAUSES INFERTILITY. PLEASE DO NOT

GET SUCKED IN BY THIS FALSE RUMOR. YOU ARE SMARTER THAN A CONSPIRACY THEORY!!!

- 4. VACCINE CLARIFICATION: GETTING BOTH YOUR COVID VACCINES IS NOT A FREE TICKET TO ABANDON COMMON SENSE AND SAFETY MEASURES. Until almost all of the US population is vaccinated, and there is no danger from the new virus strains, masks, distancing, avoiding gatherings well still be necessary. The best way to return to a normal life is for everyone to vaccinate. Do not throw away your mask. They will be necessary for months to come.**

5. PLEASE PLEASE NO SUPER BOWL PARTIES! A GATHERING WHERE PEOPLE ARE CRAMMED INTO HOMES OR BARS AROUND A TV COULD BECOME A SUPER-SPREADER EVENT! IT'S NOT THE PACKERS, WHO CARES ABOUT BRADY, AND KC WON IT LAST YEAR. SKIP THE SUPER BOWL PARTY THIS YEAR! KEEP COVID NUMBERS LOW, DON'T RISK THE LOW CASES WE HAVE NOW!
