VOL. I NO. II

RESTORATION PROGRESS

by
Gubbs Boyd

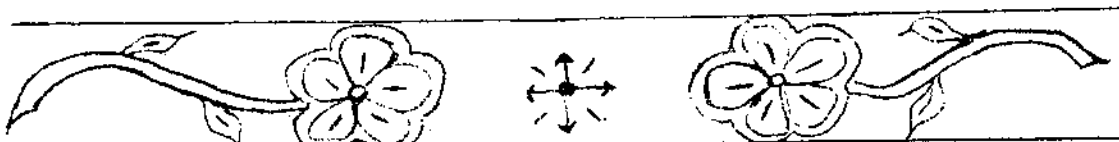

Every Menominee knows about the disastrous effects which termination has had. We, here in the aftermath, are trying to reconstruct a new society that will make the Menominee Indian Tribe into an independent and sovereign nation. It is now within our power to become united in an effort that will make the Menominee Reservation the residence of a unique, prosperous, and self-sufficient social structure. It is now the time for every Menominee to become responsible for his fellow Menominee by keeping his eyes and ears open to information which will illuminate the problems we are about to encounter. If we are silent, uninformed and uninvolved, then we will be easy prey to the stronger forces in society which seek power and domination.

At this crucial time in our history, it is within our power to be the masters of our own destiny. We now have the opportunity to become a strong, intelligent, and independent group of people -- a sovereign nation. But we must know what restoration means so that we know what to do, what to vote for, who to stand behind. We must understand the process of restoration before we can become intelligent in ironing out the problems that go along with it. We must stop and listen to what others have to say or we will be faced with the problem of lack of communication.

Everyone has a general idea of what restoration is all about, but let me try to briefly summarize it for you. Restoration is the result of an act which (1) repeals the Act terminating federal supervision over the property and members of the Menominee Indian Tribe of Wisconsin, (2) renews our status as a federally recognized tribe, and (3) restores federal services to the community such as health care, jobs, and financial aid. The goal of the Menominee Restoration Committee is to accomplish these objectives: A. Enrollment, B. Drawing up a constitution and By-laws. C. Contracting for services.

Because we are once again a federal recognized tribe, our land will be Tax exempt. That will mean M.E.I. saves \$450,000 each year from would-be property tax money and \$440,000 on income taxes. As a result of the proposed transfer plan (PTP) which transfers our land and assets into Federal trust. This plan does not in any way mean that the government takes control of our assets but rather that the U.S. government becomes, in a sense our banker.

To become involved in these affairs, you as a Menominee Indian must attend meetings. This Newsletter contains the information you will need to keep up with such current happenings.

WOLF RIVER COUNCIL ON ALCOHOLISM
September, 1974
Narrative Report

A training conference was held at Winnebago Institute on September 27, 28 and 29. Alcohol Drug Coordinators representing many Wisconsin counties and 51-42 boards were in attendance as well as counselors, social workers, correctional workers and others in the field.

The conference was sponsored by Winnebago Mental Health Institute, Bureau of Alcoholism and other Drug Abuse, Wisconsin Association on Alcoholism and Other Drug Abuse, Counselors Alliance on Alcoholism and Other Related Problems. The conference was entitled "One Big Happy Family?" The agenda included good basic counseling sessions, experiential exercises and one long session broken into three groups of "psychodrama". The last item of the agenda on Friday was a panel "Chapter 198 Sixty Days Later."

W.H. Fredenberg of W.R.C.A. appeared on the panel along with Bob Nelson of Milwaukee and Dennis Bobo of Madison.

Delores Tomow the new alcoholism counselor of W.R.C.A. and Tillie Oshkeshequoam alcoholism counselor W.R.C.A. attended and participated in the conference.

A staff meeting was held with the volunteer counselors and with Leonard Oshkeshequoam, Employee Counselor MEI, on Monday evening September 30th. A system of coordination of counseling and follow up was developed. Also the policy of utilizing local community resources ie. counselors AA, and Dr. Rhinaryd to the fullest extent, was emphasized. Client assignments were made and copies given to the counselors and Leonard. Any changes will be shared by informing each other, to insure that the most benefit results from the efforts of the counselors.

The 51-42 Board included funding for W.R.C.A. in it's 1975 budget. W.R.C.A. is also submitting an application for a continuation of the Hughs Formula Grant, this is due to some uncertainty on the amount of funding available for the 51-42 Board.

PARENTS TO VISIT FLANDREAU INDIAN SCHOOL

A letter of approval has been received for the trip planned to Flandreau, South Dakota.

All parents who have children attending Flandreau Indian School will have the opportunity of visiting the school and most important the children. I have contacted all the parents, and hopefully

we will have 43 parents to take advantage of this trip to Flandreau.

The parents will travel by chartered Greyhound Bus leaving Keshena at 9:00a.m. on October 18 and returning October 20, Leaving Flandreau at 9:00 a.m.

Stops will be made at Neopit at the beginning and return of the trip. Expenses to charter the Greyhound Bus will be taken care of by the Branch of Education, S.I.A. The parents will be responsible for their own meals. Lodging will be provided for by the Flandreau Indian School for the two nights of our stay.

If you have questions, please contact me at the C.A.P. Office by calling or your welcome to come in any time.
PH: 799-3361

NEWS RELEASE

FROM: Indian Student Advocacy Program
Keshena Public School
Keshena, Wisconsin 54135

MEETING NOTICE

There will be a meeting open to the public on October 30, 1974 at the Keshena Public School. The meeting will be basically a question and answer session about the Indian Student Advocacy Program, Title IV, Part A.

The meeting will start at 7:00 p.m. and will be held in the gymnasium at Keshena Public School.

Hope all interested parents can attend.

Wayne Reiter, Dir.

A Tutoring Program will be available Monday thru Thursday evenings at the following locations beginning October 7, 1974 and will run throughout the school year. The Tutoring Program schedule is as follows:

Neopit Public School -- Neopit
Tutoring from 7:00 p.m. - 9:00 p.m.
Mondays and Wednesdays

St. Joseph's School -- Keshena
Tutoring from 7:00 p.m. - 9:00 p.m.
Tuesdays and Thursdays

Community Center -- South Branch
Tutoring from 6:30 p.m. - 8:30 p.m.
Mondays and Wednesdays

Assembly of God Church -- Morgan
Tutoring from 7:00 p.m. - 9:00 p.m.
Tuesdays and Thursdays

EDUCATION

The following is a list of Menominee students now attending colleges, universities and technical schools throughout the U.S. and Wisconsin, according to lists received from the area offices of the BIA in Minneapolis and Milwaukee:

Ms. Carol Dodge-SPECIAL PROJECTS DIR.

The coalition of Indian Controlled School Boards, Inc. has announced, through their bulletin, that Ms. Dodge has been selected from a number of qualified applicants, for the position of Special Projects Director, in Denver, Colorado.

Ms. Dodge is a very qualified person having received her B.A. degree in Elementary Education from the College of Santa Fe, Santa Fe, New Mexico. She received her M.A. degree from the University of Minnesota, Minneapolis, in 1971.

Ms. Dodge was consultant for Menominee History and Culture at the University of Wis. GB during the summer of 1969. She helped develop the Menominee Indian Curriculum Guide for Joint School Dist. #8 and authored "One Menominee Boy" and "Kine-U", two stories about Indian children of today, based on actual incidents.

Ms. Dodge has been active in Indian Education and has contributed greatly to that cause.

RESTORATION PROGRESS (con'd)

The Menominee people to determine who will serve as officials on the Tribal Council as provided for in the Constitution and By-laws.

Restoration is now in its second phase -- Enrollment.

To become involved in these affairs, you as a Menominee Indian must attend meetings. This newsletter contains the information you will need to keep up with such current happenings.

MENTAL AND DEVELOPMENTAL HEALTH PROGRAM

Menominee County's 51.42 Board, an arm of the county board responsible for services to residents with disabilities in mental health, mental retardation, alcoholism and other drug abuse, has just recently opened a health care center. Prior to September 1, services in all disabilities have been minimal, and, while the state mandates its operation by law, has had only volunteer staff.

Board members are; Mr. Harper Fredenberg, who has also volunteered as coordinator for Alcoholism and other drug abuse services, Mr. Robert Johnson, chairman, Mr. Fred Miller, Mrs. Lorene Pocan, Mr. Al Frechette, Dr. Michael Reinardy, Mrs. Ellen Swedberg, Mr. Robert Wheelock and Ms. Ruth Waukau.

Volunteering as acting program director, Ms. Ruth Waukau and Mr. Fredenberg, through two federal grants, enabled Menominee County to expand the services in alcoholism & other drug abuse. In a contract with Wolf River Council the 51.42 board has hired two counselors to provide community education, consultation and counseling. They are Tillie Oshkeshequoam and Ms. Leslie Waukau. The Wolf River Council has hired Mrs. Delores Tomow to take over Mrs. Oshkeshequoam duties.

The Health Care Center, just opened this week of October 1, 1974 will provide counseling services to children, adolescents and their families. In addition education and consultation will be available to all residents, agencies, and schools. Backup services of a psychiatrist and psychologist will be available in the community. This entire program is made available through a contract with the Marathon County Health Care Center. At present the staff includes Ms. Ruth Waukau, social work supervisor, Mrs. Ruth Daniels, a registered nurse and Mrs. Josie Tourtillott, secretary. Ms. Waukau continues as acting director for all operations of the 51.42 Board. Another position remains open for a mental health aide.

For further information regarding programs of the 51.42 Board, or the mental health aide position; the office is located in Keshena, above the Memorial Chapel (old Keshena rec center). The phone number is 799-3331.

M. E. I. PROPOSED TRANSFER PLAN
by
Al Fowler

By this time most Menominees should be aware of and have knowledge of the Proposed Transfer Plan. MEI Voting Trust and the Board of Directors are to submit this plan to congress within one year from the enactment of the Menominee Restoration Act which was December 22, 1973.

MEI has already held many informational meetings in which the Menominees were afforded the opportunity to give suggestions and ask questions to insure their input.

The Native American Rights Fund of Boulder, Colorado, is in the process of drafting the final updated version incorporating the suggestions of the BIA and the Tribe.

Also every effort has been made to insure that the language in the Trust Agreement gives the Menominee maximum self-determination. It will also limit and specify the role of the Secretary of the Interior in our affairs.

This plan is one of the most important phases of the Restoration process because it will give the land and assets of the Menominee corporation its tax exempt status.

After the plan is carried out it will increase MEI's likelihood of paying dividends to the tribal members because it will relieve MEI of the heavy tax burden. MEI has never been able to pay dividends to its shareholders.

This plan will also increase the participation of tribal members in corporate affairs because the Voting Trust will be dissolved.

At the beginning of the Termination era in 1961 all enrolled Menominees received a \$3,000 income bond payable in the year 2000. After this plan is carried through your income bond will have a greater chance of reaching its mature face value. With the heavy tax liability on MEI assets the bonds and their annual interest payment placed a severe financial burden on the corporation.

With the transfer of our assets into trust, we will have added protection from

the loss of our ancestral lands. According to the plan, tribal lands cannot be sold without the consent of the tribe, the secretary and both houses of congress. Getting this consent after our termination experience will be virtually impossible.

Menominees can right now transfer their land into trust by approaching the Restoration Committee, if they chose to do so. They can right now enjoy the tax exempt status without waiting for MEI to transfer the assets of the corporation.

Because the assets of the Non-Menominees cannot be held in trust, the plan calls for MEI to buy back the certificates of stock held by Non-Menominees. Under Wisconsin law MEI Trustees have the power to do this. Out of fairness to the Non-Menominee certificate holders, MEI has offered compensation for interest they may have acquired as a result of inheritance. The reason for this offer is that Non-Menominees will no longer have any interest in MEI. On the other hand Menominee's interest will be greatly improved.

Looking back a little bit, I think it would be a good to go over what has happened to the Menominee people just in the last couple of years to sort of give us an idea of where we are at. At this point I feel that we have come a long ways in regards to getting together as a strong and healthy people once again as we were before the coming of our greedy neighbors and other such things that might stand in the way of peace and unity of our people. We have made the American political system work for us through the passage of the Menominee Restoration Act. This was an encounter again, with the American political system, but the results were very much different this time. We scored a victory for our people and all Indian people and we should be proud that we are alive and living in this day when things seem to be out of anyone's control but the bigshots. This is a reassurance that the people have power when we stand together to fight!!!!
Arlin Pemanet

NEWS ON THE FLANDREAU INDIAN STUDENTS

We have 32 Menominee students attending the Flandreau Indian Boarding School in South Dakota for the first semester of the 1974-75 school year. The Flandreau Indian School is a fully accredited high school, accredited by the North Central Association of Colleges and Secondary Schools and the State of South Dakota. They offer many worthwhile weekend and evening recreational and leisure time activities, in addition to a complete academic and pre-vocational program. Four of our boys are on the football team. We also have a few who took advantage of the title program. This program enables a student to work part-time and receives an allowance every two weeks.

Since our Menominee students were given this opportunity to attend Flandreau

Please continue on page 7 column 1

CONTRACTED SERVICES COMMITTEE

The Contracted Services Committee, a sub-committee of the Menominee Restoration Committee, has been busy these days writing proposals and submitting applications for the purposes of contracting for funding with the federal government.

To date, funding has been obtained for Health and Manpower programs.

The Community Health Representative Program is now in full swing. Funding has been obtained for the purposes of paying medical expenses incurred during the period 12-22-73 thru 6-30-74. These bills were submitted by the surrounding health centers and are being screened for payment by the CHR program. The criteria used for determination of payment are (1) of Indian descent (2) Other coverage (3) Menominee Co. Resident. Receipts will be mailed to all those persons who had outstanding bills and were eligible for payment of them by the vendor upon payment of the bill.

Effective 7-1-74, CHR funding was obtained for the fiscal year 1975. This program funding will run until 6-30-75. All Menominee Co. Indian residents are urged to apply for determination of eligibility for this program. All health care, including dental and eyeglasses are covered for payment, if you are determined to be eligible. All information is confidential regarding application and health care. The eligibility criteria for this program is (1) county resident unless you are living out of the county for reasons of obtaining an education. (2) Income as per family size (3) of Indian descent (4) No other health coverage. All payments require prior authorization and will be payable directly to the vendor.

The Community health representatives are trained in emergency first aid care, budgeting, nutrition, and general health care. They will counsel in many other facets such as eligibility for SSI, Welfare, Medical Assistance and other resource availability.

Funding is now being received for the manpower programs and the Menominee Restoration Committee urges all Menominees who are unemployed, underemployed, or otherwise economically disadvantaged to take advantage of these programs. Future information will be furnished regarding these programs. For further information contact the Director of Contracted Services at the Menominee Restoration Committee Building in the Visitors Destination Center.

Due to comments and requests, the newsletter staff will reprint a couple articles from the first issue. Typing and printing errors have been hopefully eliminated.

ANYONE INTERESTED IN A NATIVE AMERICAN YOUNG MOTHER'S GROUP, contact Brenda MRC, Box 168, Keshena, WI. 54135 or call 799-3366 or 799-3338. Let's put our minds together and see what life will make for our children.

Flandreau continued.

school, we as parents should get on the ball and back our children. Write to your children, mothers and fathers. Also you who have brothers or sisters. Write, because it is important to encourage them to hang in there, to encourage them to take part in all activities offered. This will leave them less time to sit around and get bored or homesick.

A few parents tell me that they are lonesome; just think how lonesome some of our kids must be??? Write to them, let them know that you care, now and in the future, about them. A time is coming when these students will have to cut the so-called apron strings; being away at school is a good start for them. Gloria Peters is keeping in close touch with the Flandreau School social worker and dorm supervisors, concerning our students. They are adjusting well and doing fine.

A list of students include:
from Keshena:

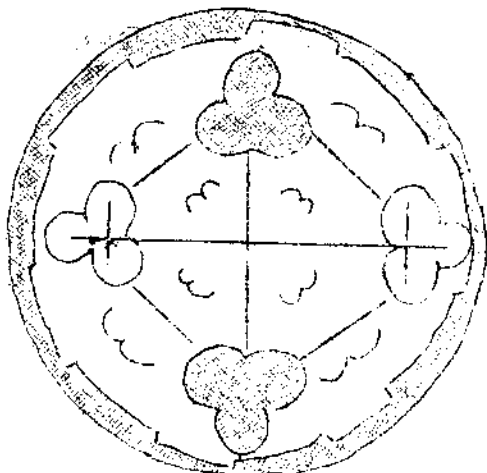

- BOIVIN, MICHAEL
- CORN, RICHARD
- FIRGENS, PATRICK
- KAKWITCH, ERIC
- KINEPOWAY, KEITH
- LYONS, CATHERINE
- LYONS, NELDA

- TEBEAU, JUSTIN
- WAYKA, DARRELL
- WAYKA, DEBRA ANN
- WAYKA, RONALD
- WEBSTER, JAMES III
- ZHUCKKHOSEE, LEONA

3 students are also in the Wahpeton Indian Boarding School at Wahpeton, North Dakota .

- DICKENSON, DARWIN
- DICKENSON, MOLLY BEA
- PETERS, GLORIA

COMMUNITY SCHOOL MAKES COME-BACK

The Menominee Community School at the Keshena Visitor's Destination center is back into the swing of things after a week delay. The delay resulted from problems which involved funding and personnel.

The school director, Nick Dodge, and the chairman of the MCEC, Andy Jenay were pressured to resign from the MCEC. Carol Dodge has also resigned because she moved to Denver Colorado. This leaves the Menominee County Education Committee open to nominations for three vacant seats. After election of three members to the seven member committee, the committee will then elect a chairman. This election will be held on October 17th at 7:30 p.m. Alex Askenette is now the acting chairman of the MCEC; Al Pyatskowitz is the school director; and Tom Davis is the assistant director.

Thru efforts by the Restoration Committee and the MCEC, the school has secured \$30,000 of funds from the BIA, and \$78,000 of funds from the Wisconsin Dept. of public instruction. This budget is sufficient to pay for expenses for the school thruout the entire year.

The Community School has a potential for 65 high school students and now has 45 enrolled.

There are also many projects which the school sponsors. Among these are: The University Without Walls (involving 45 adults); the Community Counseling Certification Program; the Teacher Training Project (15 Menominee college students); the Indian Teachers for Indian Children Project; the Title IVB Project (counseling & tutoring); The Wisconsin Native American Teacher Corps Project; and the Planning and Research Project which is designed to ascertain how feasible a community school is for the Menominee Reservation.
