## E. Economic Development

---

### I. Successes from the MITW 2007 Strategic Plan.

Originally, the 2007 Strategic Plan Economic Development Workgroup created two goals and four objectives by members of the community, partners, and stakeholders to address the necessary changes needed for continued efforts to improve and develop resources that promote and enhance economic development. With that in mind, they have created long-lasting collaborative relationships over the past 16 years.

The 2007 Economic Goal One: Objectives 1, 2, and 3 were to complete a Gap Analysis of Legal, Financial, and Physical Resources. To date, these objectives are being addressed by an EDA grant to compile a proposal to perform the Gap Analysis regarding the impact it has on the Menominee Nation. An advisory board has been created with strategic partners working on aligning their goals and objectives with the MITW Strategic Plan. The Menominee Tribe is also included in the Great Lakes Inter-Tribal Council's (GLITC) Comprehensive Development Strategy Report of 2019 which is completed every five years as a requirement of the U.S. Department of Commerce's Economic Development Administration.

A resource network for entrepreneurs has been established through GLITC Economic Development and Small Business Technical Assistance, the American Indian Chamber of Commerce of Wisconsin, and First American Capital Corporation.

Resources include the MITW Lending and Tax Department, the Wisconsin Native Loan Fund, the Wisconsin Economic Development Corporation, and the Wisconsin Indigenous Economic Development Corporation.

The Tribe has updated the WRDC Charter, Chapter 740, to combine the Menominee Fuel Station, Menominee Indian Economic Development Authority, and WRDC into one entity responsible for the economic growth of the Menominee community. The goals and objectives created back in 2007 were revisited and are ongoing through collaboration and relationship building.

## II. Community Survey Overview

The Community Survey asked respondents a total of twelve questions regarding their perceptions of economic development efforts on and off the reservation, gaming, and job opportunities, meeting community needs, and possible economic endeavors. The survey results revealed the following highlights:

-  Respondents indicated that the overall economy on the reservation is not so good or poor (81% on the reservation and 72% off the reservation).
-  Nearly all respondents would like to see more economic development take place on the reservation, preferring light industrial (23-28%) and small business (22-24%) development as priorities. In a separate question, respondents noted that natural resource development (39-43%) is the most important.
-  A hardware store, supermarket, and pharmacy were identified as businesses that are very much needed.
-  69% of on-reservation and 68% of off-reservation respondents support an off-reservation gaming enterprise in Kenosha, WI.

When asked for their opinion on tourist development, 51% on-reservation and 58% off-reservation indicated they were in favor of this economic development opportunity.

## III. Planning Workgroup

A workgroup of professionals and community members was assembled to evaluate the community survey results to identify and address problems as well as their underlying causes. The workgroup members identified programs that directly address economic development and opportunities on and off the reservation. The workgroup designed objectives aimed at enhancing the Tribe’s responses in areas relevant to economic development. The workgroup consisted of the primary and alternate representatives from the following departments:

- |  |   |  |
|--|---|--|
|  Lending and Tax        |  Tribal Courts         |  Menominee Tribal Enterprises |
|  Environmental Services |  Maintenance           |  Legal Department             |
|  Administration         |  Community Development |  Wolf River Development       |
|  Conservation           |  Grants Department     |  |

The workgroup met weekly throughout a two-month period in early 2023. Information about the workgroup’s efforts to develop goals and objectives for economic development was posted on the website, and the Menominee App, and made available at retreats, community meetings, and through the Menominee Nation Newspaper.

## IV. Programs with a Specific Emphasis on Economic Development

Although the workgroup recognized that all departments and programs operated by the Tribe have a vested interest in the Tribal economy, the workgroup identified the following Tribal programs and partners as resources due to their collective knowledge and their emphasis on economic development:

-  **Menominee Business Center:** This Private Sector Initiative (PSI) provides a locally designed program for the Menominee Indian Tribe intended to stimulate private sector business development, particularly micro-businesses, through the extensive use of educational and “hands-on” technical assistance. The business center is identified as a responsible party under the Community Development Department.

- ✧ **Community Development:** The department is responsible for developing and overseeing a vast array of programs and services aimed at supporting community infrastructure and conducting long-term and short-term planning for the development of the community.
- ✧ **Menominee Casino, Bingo, and Hotel:** The casino generates Tribal revenues by providing bingo and class three gaming entertainment to the public that includes slot machines, table games, and a variety of promotions. The Forest Island Restaurant, Hotel, and Gift Shop are among the additional services offered to guests.
- ✧ **Tribal Utilities:** This department is responsible for providing sewer, water, electric, and septic services to the community. The department staff properly maintains and operates systems and facilities used in the delivery of these services. For these reasons, the Tribal Utilities Department plays a vital role in economic development.

## VI. Overview of Goals and Objectives

In the Economic Development service area, the workgroup developed three goals and nine objectives. These goals include the following:

- 🐾 **Goal One: Develop community-building business opportunities to improve the quality of life for business owners and community members.**
  - 👉 Objective One: Evaluate current conditions; legal, financial, and physical.
  - 👉 Objective Two: Develop the legal infrastructure for new businesses, i.e., commercial code, building code, zoning, etc.
  - 👉 Objective Three: Develop a Tribal Investment Group to serve as a sovereign wealth fund.
  - 👉 Objective Four: Revisit and expand tax agreements with the State, an agreement to split with Tribe/State for sales of specific purchases, E-Commerce, etc.
- 🐾 **Goal Two: Assist Tribal members to successfully start and operate small businesses.**
  - 👉 Objective One: Increase awareness of and access to resources for small businesses.
  - 👉 Objective Two: Develop training and educational opportunities to support small businesses.
  - 👉 Objective Three: Promote businesses and partnerships on the Reservation (public relations and marketing).
- 🐾 **Goal Three: Review Tribal Departments for cost and revenue efficiency.**
  - 👉 Objective One: Centralize purchasing/expenditures for cost-efficiency; and procurement cost-savings.
  - 👉 Objective Two: Revisit the fee schedule process within Tribal Departments to identify potential revenue-generating opportunities.

As the community and departments move into the implementation phase of the strategic plan, the community engagement workshops will provide a forum for feedback and updates on the progress being made to complete goals and objectives. As goals and objectives are being implemented, there may be modifications or new goals may be added with the approval of the Legislature.

## VII. Responsible Parties

The following is used to identify responsible parties in the matrix sections of the strategic plan:

- 👉 The primary lead department (P\*) is responsible for coordinating efforts to complete the specific objectives listed.
- 👉 The primary departments (P) are responsible for directly assisting the lead in completing the specific objectives listed.
- 👉 The secondary departments (S) are responsible for attending meetings and providing input to assist in achieving the specific objectives listed.
